

Dear Person with Parkinson's disease

A group of Cross-discipline researchers at BYU is conducting a study involving individuals diagnosed with Parkinson's disease. Participants will be required to visit the BYU Life Sciences Lab for one 30- minute session, where blood will be drawn. You will receive \$10.00 for participating at the end of the session.

If you are interested in helping us help you, please contact Ulrike Mitchell, PhD at **801-422-3344** for an initial phone interview, or email at **rike_mitchell@byu.edu**.
